The following providers will be participating and will be setting up anytime after 9 a.m.:

- **Northwestern University Center for Audiology**- four tables will be set-up in the church sanctuary with portable audiology machines. Students under the guidance of an Instructor will perform audiology assessments. Two separate tables will be set-up in the room adjacent to the sanctuary to allow privacy when results are provided.
- **Old Irving Park Community Clinic**- will have a closed sided tent in the distribution area in the rear of the facility. They will bring their own tables and provide blood pressure testing. They are scheduled to bring a Doctor and four additional staff members.

The Pantry will have a table in the rear of the facility as well. At that table our clients will be asked if they are interested in a hearing evaluation. If they answer “Yes” their names will be put on a list, their food will be located in a separate holding area and asked to sit in designated seating. Each hearing assessment takes approximately 20 minutes to perform. We will have one translator (Spanish) situated at the seating area explaining the assessment process. We will have several translators (Spanish- at this time) in the assessment results area.

Please note: our clients who are in need of food will shop for their food first, and then come to the distribution area. We may have clients that are joining us solely for the Health and Wellness Fair and they will not need to be recorded at our Pantry Intake desk.

We sincerely thank all of you for helping us, help those in need.

Sincerely,
Lynne Anderson & Elvia Esparza
